## WARRANTY

We warrant all ChargeSource branded products to be free from defects in materials and workmanship under ordinary consumer use for one year from the date of original purchase. During this warranty period, if the Device is found to be defective, we will promptly replace it. This warranty does not cover accidental damage, misuse, abuse, negligence, wear and tear, or consequential or incidental loss. Replacement, as provided under this warranty, is your exclusive remedy. This limited warranty applies to any replacement part or replacement Device for the remainder of the original warranty period or for ninety days, whichever period is longer. We hereby expressly disclaim any and all implied warranties of merchantability and fitness for a particular purpose. This warranty does not affect your statutory rights.

## TECHNICAL INFORMATION

### DIMENSIONS:

- Main Adapter Body - 2.55" x 0.45" x 4.70"
- Weight (complete system) 8.5 oz.
- Output Cable Length (including Y-cable) 8 ft.

### SPECIFICATIONS:

- Input Voltage 115V/230VAC
- High Power Output Voltage 15-20VDC programmable
- High Power Output Current 4.74A Max
- Low Power Output Voltage 3-5VDC programmable
- Low Power Output Current 0-2.2A programmable
- Maximum Power Output (Total System) 90W
- Maximum Power Output (Y-cable) 11W each output
- Over Temperature Protection
  - o Main Adapter Body
  - o Y-Cable
- Over Current Protection
  - o Main Adapter Body
  - o Y-Cable
- Short Circuit Protection
  - o Main Adapter Body
  - o Y-Cable
- Safety Certification to IEC 60950, cTUVus
- FCC Certification to CSPRR 22 Cat. B

## FCC STATEMENT

### TESTED TO COMPLY

This equipment has been tested and found to comply with the limits of a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna;
- Increase the separation between the equipment and receiver;
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected;
- Consult the dealer or an experienced radio/TV technician for help.

Changes or modifications not authorized by the party responsible for compliance could void the user's authority to operate this product.

ChargeSource Power Adapter System is protected by one or more of the following patents: 5,479,331; 5,636,110; 5,838,554; 6,850,423; 6,922,347; 6,836,101; 6,831,848; 6,809,943; 6,707,284; 6,693,413; 6,172,884; 6,091,611; 7,145,787; 7,148,659; 7,193,398; 7,266,003; 7,365,524; 7,450,390; 7,460,381; 7,545,656; 7,613,021; 7,649,279; 7,863,770; 7,999,412

## QUICK START GUIDE

## INTRODUCTION

Thank you for your purchase. ChargeSource® is the one adapter that can power all your rechargeable electronics at one time, using our patented technology and brilliant design to provide the right power to each of your battery powered devices, ensuring a safe, optimal charge every time.

## CONTENTS

- A / ChargeSource AC Power Adapter
- B / Y-Cable
- C / AC Power Plug
- D / Output Cable
- E / SmartTips® (two kits)
- F / Quick Start Guide
- G / Tip Clip
- H / Storage Bag

## GET CONNECTED

**STEP 1 /**  
Connect the AC Power Plug to the AC Power Adapter

**STEP 2 /**  
Connect the Output Cable to the other end of the AC Power Adapter

## GET CONNECTED

**STEP 3 /**  
Connect the Y-Cable to the end of the Output Cable

**STEP 4 /**  
Identify the correct tip for your device by carefully fitting the tip into your device's power port.

**⚠ WARNING: WHEN SELECTING THE TIP FOR YOUR LAPTOP, DO NOT FORCE THE TIP INTO THE LAPTOP'S POWER PORT. THE CORRECT TIP WILL FIT SMOOTHLY INTO THE PORT ON YOUR LAPTOP.**

## GET CONNECTED

**STEP 5 /**  
Connect the device tip to the Y-Cable / either connector

**STEP 6 /**  
Repeat steps 4 & 5 for your other device's tips

**STEP 7 /**  
Plug the tips into your devices to begin charging.
